PROGRAM BRIEF

Veterans *Social Club*

A proposed indoor social and wellness gathering each month, with time to meet peers, try an activity and learn about local resources.

The proposed year

12 monthly gatherings	Social activities could include games, movies, music, karaoke and creative workshops. Veterans' interests would help shape the calendar.
Practical support	Peer conversations, wellness sessions and help with technology could make resources easier to find and use.
A partner-led clinic	A proposed mobile clinic would depend on a licensed clinical partner to offer basic screenings, education and referrals.
Two special events	The annual Veterans Gala and Veterans Day Celebration would bring veterans, families and community partners together.
Listening to participants	The plan calls for 14 events in all and aims for at least 80% participant satisfaction. Attendance, repeat visits and feedback would help assess progress.

PLANNING STATUS

Eligibility, venues, access arrangements, launch dates and event dates are still being worked out.
